**Just a few things we want you to know...**

**We encourage you to choose no more than three toppings, Basta! Neapolitan pizzas are meant to be lightly topped to highlight the flavor and quality ingredients**

**Your pizza's crust will be charred in spots. That's correct and how it should be. It adds flavor.**

**Pizza for One - Each pizza is made to feed one person, but feel free to go ahead and share.**

**In Italy, they eat pizza with a fork and knife. We won't judge you if you don't, but we thought you might want to know**

**In Italian, Locale means local and is pronounced "Lo-cal-ay"**

**The "90" means ... well, we'll let you figure that one out!**

**Please ask for Seasonal Specials**
