Just a few things we want you to know...

We encourage you to choose no more than three toppings, Basta! Neapolitan pizzas are meant to be lightly topped to highlight the flavor and quality ingredients

Your pizza's crust will be charred in spots. That's correct and how it should be. It adds flavor.

Pizza for One - Each pizza is made to feed one person, but feel free to go ahead and share.

In Italy, they eat pizza with a fork and knife. We won't judge you if you don't, but we thought you might want to know

In Italian, Locale means local and is pronounced "Lo-cal-ay"

The "90" means ... well, we'll let you figure that one out!
